

Modern convenience pays

Yet healthcare providers leave (lots of) money on the table.

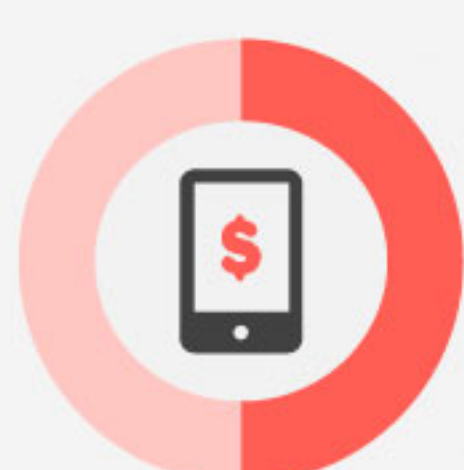

The cost of paper billing

77%
of providers use paper-based billing methods¹

Yet...

>50%
of patients prefer to receive bills electronically¹

\$5-\$15

the average cost per paper statement¹

3x

Avg paper statements to collect full balance per patient¹

56%

of patients delay paying their bills. Top reasons: confusion or inability to pay full amount²

Convenience improves engagement and financials

For example, keep a patient's credit card on file to pay balances <\$200

↓ 36%

decrease in patient bad debt and write-offs¹

↓ 34%

reduction in A/R days and cost to collect¹

Modernize with Cedar Pay
